Subject: California Self-Certification of NIMS Compliance for Federal Fiscal Year 2006

Dear Mr. Fluman:

Enclosed is the State of California's certification of compliance with the National Incident Management System (NIMS) requirements for federal fiscal year (FFY) 2006.

In addition, we are including an attachment that documents how California has met those NIMS requirements. California's self-certification is based on meeting the minimum NIMS requirements set forth in the United States Department of Homeland Security's policy letter to governors dated October 4, 2005.

Should you require additional information or have any questions on California's NIMS compliance, please contact Frank McCarton, Chief Deputy Director of the Governor's Office of Emergency Services at 916- 845-8731 or Gary Winnick, Governor's Office of Homeland Security (OHS) Deputy Director at 916- 324-8908.

Sincerely,
